TECHNICAL SKILLS

- Programming Languages: Python, Julia, HTML, CSS, SCSS
- Design Tools: Figma, Miro, Canva, Microsoft Visual Studio Code, GitHub

WORK EXPERIENCE

Seattle University Writing Center | Seattle, WA

Lead Mentor

SEPTEMBER 2020–MARCH 2022

- Provided support for all staff members (about 40 members) in the Writing Center space.
- Ensured that the needs of the staff are advocated for in biweekly staff meetings and community days.
- Organized events and activities to optimize community engagement within the staff.

Writing Consultant

SEPTEMBER 2019–MARCH 2022

- Met with peers in 100+ consultations per quarter to work collaboratively on the client's writing.
- Proposed projects to improve the quality of consultations and to provide outreach for the SU student body and school staff.
- Discovered client's needs and areas of improvement to effectively work through writing problems.
- Trained specifically to support students of multiple literacies, diverse backgrounds, and ability levels.

Trübistro | Seattle, WA

Server

JUNE 2021–DECEMBER 2021

- Worked in a team environment to ensure an excellent guest experience and to uphold Trübistro's commitment to customer service.
- Collaborated with managers to create new menus according to season.
- Maintained an excellent level of cleanliness according to the Washington State Food Worker's Requirements.
